The price adv: need 10 cents after closing our last review, and sales were made at \$2 10. The receipts comprise only two or three small lots (about 125 bbls.) which have been sold at \$2 10 per bbl.

BREF CATTLE AND SHEEP-The arrivals of beeves for few weeks past have been quite small, and in consequence the stock on market has become considerably reduced; it is, however, fully sufficient for present purposes. There is a fair demand from butchers for prime quality, which sells readily. We quote at 51 to 7 cents per lb., according to

BARRY LS-For empty Spirits Turpentine barrels the mar-In conclusion, we take this occasion to return our ket remains without material alteration. There is a fair is scarcely any demand. We quote second hand ones at \$1 25 to \$1 35 for lots as they run, and \$1 80 to \$1 85 each for selected, cash and time. Cotton-One or two small lots of the new crop have been brought in, but there is scarcely sufficient offering to estabish a market. We quote nominally at 104 to 104 cents for middling to good middling.

COFFEE.-In this article there is nothing doing except in the retail way, and the market rules steady at former quotations. The stock in dealers hands has become quite low in the absence of arrivals worthy of note, though it is fully sufficient for present demand. ket is poorly supplied. No receipts or sales for the week that we are aware of. Last sale was at \$7 for pine and \$7 75 for oak bbls. FLOUR-In the market for State brands we have no change of importance to report. The receipts continue unusually light for the season, and since our last review only a few small parcels have been brought in per railroad. There is, however, only a light demand at present, as dealers are not | Monk; with 1600 bushels corn, 5,000 lbs. bacon. disposed to operate to any extent in anticipation of a decline in prices, and are purchasing only in quantities suffi-cient to supply immediate wants. The sales for the week have been confined to a few small parcels at \$7 75 for superfine and \$8 for family—closing quiet, as the advices both from home and foreign markets for the past two or three days represent a declining tendency.

Guano-The market is well supplied with nearly descriptions, and rules steady at former rates. On Friday last we notice sales of 160 tons Peruvian at \$59 to \$60 per ton. ported in our last. There is a heavy stock of Hyde county and Northern mixed in the hands of dealers, which is dull of sale, but prime quality for mealing purposes is scarce and wanted. The receipts for the past week comprise only 6.850 bushels, of which 1,250 do. from Hyde county went at 70 cents, and 1,600 do., from Hertford, sold at 75 to 80 cents per bushel, as in quality-the highest price being paid for a prime article for mealing; the balance has gone into store. We quote as follows : Hyde county 70 a 724 cents, and Perquimans 78 to 80 cents-and a few cargoes of the latter (suitable for mealing purposes) would command 80 & B. G. Worth. cents .- OATS-In this article we have no sales to report, except in the small way. Only a retail demand exists, and the stock in store is fairly adequate for present wants. -Peas-None received here for several weeks past, and in consequence the stock in dealers' hands has become materially reduced, and at present may be considered as rather light. Some demand exists, but in the absence of receipts or sales we are unable to give a correct quotation, and figures in our table must therefore be looked upon as merely nominal. --- Rice-For clean there is an active McRae & Co. demand for retailing purposes, and prices have advanced;
